### OUT OF DANGER.

Doctors Say President McKinley  
Will Recover Beyond Doubt.

Most of the Visiting Statesmen  
Leave For Their Homes—  
Patient Able to Eat.

Buffalo, Sept. 11.—The corps of eminent surgeons and physicians in attendance upon the wounded President yesterday committed themselves without reservation to the opinion that the patient was out of danger. They did not give assurance of his recovery collectively over their signatures in an official bulletin, but individually and separately during the day. "Of course we will all feel easier when a week has passed," said Dr. Burney, the dean of the corps. "We would like to see every door locked and double-locked, but the dangers from possible complications are now very remote. The little piece of lead in the muscles of the back is giving the physicians no concern whatever. Unless it should prove troublesome to the President later on, he will probably carry this grim souvenir of anarchism to the end of his days."

The Vice-President, members of the cabinet, Senator Hanna and other distinguished friends of the President accepted the verdict of the physicians to-day as practically conclusive and there was an exodus of those who considered their presence no longer necessary. Vice-President Roosevelt left this evening for his home at Oyster Bay, Senator Hanna returned to Cleveland and Comptroller Dawes to Washington tonight. Abner McKinley, the President's brother, will remain a few days longer, but his family returned home and Mrs. Duncan and several other relatives have gone. Five members of the cabinet are still here and will remain a few days. The President will be taken direct to Washington as soon as safe.

The President to-day showed confidence in his ability to care for himself and several times carefully turned himself to get a more restful position. A most important development of the day was the determination of those in charge of the case that food should be administered to the patient tomorrow by the mouth. Not since the shooting has a morsel of food been given the President by natural means, but the drain on his system has been met by dissolved foods administered by injection. The importance of this feeding by the mouth is that it will restore the normal action of the stomach for the first time since that organ had both its walls pierced by a bullet. The doctors are satisfied that the time has come to renew these normal functions and are assured that the wounds in the stomach are closed.

The only persons admitted to the sick room to-day other than the doctors and attendants were Mrs. McKinley and Secretary Cortelyou. Although the President is pronounced out of danger, no member of the cabinet has yet been within the sick room, nor have the Vice-President and Judge Day seen the President.

The dramatic phase of the situation here is rapidly disappearing. Plans overthrown by the assassin's bullet are being restored and matters are rapidly assuming normal conditions. The exposition has suffered severely in attendance since the tragedy and the managers are now organizing for a great thanksgiving celebration, which they expect to prove a great card for the fair and hope will be made a day of national rejoicing.

They are arranging that on a certain day the bells of all the cities and towns in the United States be set ringing, and that the rejoicing be heralded with the tooting of whistles and the booming of cannon.

### NO PRIMARY.

State Committees so Decides by  
a Vote of 7 to 11.

Question Referred to Next State  
Convention in Absence of  
Any Authority Act.

Frankfort, Ky., Sept. 11.—Democratic leaders and politicians from all over Kentucky gathered here yesterday to attend the meeting of the state committees of the party, at which was to be discussed the advisability of a primary to choose a nominee for the United States Senate.

Among the Democrats present at the meeting are: Charles K. Wheeler, D. H. Smith, J. B. McCreary, J. E. Cantrill, Ollie James, Ben D. Ringo, J. M. Lassing, G. T. Finn, C. M. Lewis, Charles M. Meacham, South Trimble, Albert S. Berry, T. T. Hedger, Allie W. Young, Allison Hollard, John Vreeland, Clem Huggins, Clem Whittemore, John S. Smith, D. Linn Gooch, J. Willard Mitchell, James Hargis, M. L. Downs, John L. Dunlap, Charles Carroll, James H. Hazelrigg, Campbell Cantrill, Jack Chinn, Josh Griffith, J. C. Coleman.

All of the members of the central committee except Jones and of the executive committee except Dishman, Gardner and Lee answered the roll call, either in person or by proxy.

Before the transaction of any business by the committees Mr. Whittemore offered the following resolution, which was unanimously adopted:

"We, the state central and executive committees of the Democratic party of Kentucky, denouncing all forms of anarchy and lawlessness, especially condemn assassination as a means of redress, and with the balance of the nation we pray God to spare the life of our president, William McKinley."

Chairman Young then stated the purpose of the meeting and called on the candidates for senator to express themselves.

Messrs. Wheeler and Smith favored a primary Dec. 15, after the election, and Judge Cantrill favored one at the regular election. Mr. McCreary opposed a primary at this late date.

#### Referred to Convention.

At the conclusion of the speeches committee man Vreeland moved to refer the matter of nominating a candidate by the people to the next Democratic state convention. Col. Chinn seconded the motion, and before the question was put the committees went into executive session.

By a vote of 11 to 7 the committees adopted the Vreeland motion, which kills the idea of a primary election this fall or winter to select a nominee.

Those voting for the motion were: Meacham, Huggins, Lassing, Morgan, Rhea, Vreeland, Pugh, Hedger, Chinn, Adams, Hargis—11. Those voting against it were: Ayers, Roark, Ringo, Whittemore, Griffith, Board and Garnett.

It was agreed to let Allie Young, chairman of the state central and executive committees, appoint the campaign committee, with the approbation of the majority of the state central committee.

### COURT OF INQUIRY.

Organized in Washington Yester-  
day to Try the Hero of  
Santiago.

Washington, Sept. 11.—All the members of the Schley Court of Inquiry are now in Washington. Rear Admiral Howison, the third member arriving last night. Rear Admiral Howison was extremely guarded in answering inquiries respecting the Court of Inquiry. He said it would not be proper to say anything for publication in advance of the meeting of the court as to his intentions or probable line of action of the court. It was evident, however, that he has not in any degree altered his resolution to serve as a member of the court if the other members accept his own view as to his qualifications.

Everything is ready for the meeting of the court. The impression at the Navy Department now is that the taking of the testimony will not begin tomorrow, although that was the original expectation. A large number of witnesses are in Washington ready to take the stand at a moment's notice, but formalities are expected to consume most of the session tomorrow, which after all, is likely to be short owing to the late hour of beginning.

### FACTS COMING OUT.

Czolgosz's Arrest May Yet Startle  
the Country.

Buffalo, Sept. 11.—Leon F. Czolgosz has confessed to the police that his attempt upon the life of the President was the result of a conspiracy in which many besides himself had a part. So far as can be learned, Czolgosz has refused to mention any name except that of Emma Goldman, but papers are in existence which, if they can be discovered, will lay bare the entire conspiracy, and will result in wholesale arrests, followed by prosecutions.

Acting under instructions from Secretary Root, the police still refuse the details of the confession made by Czolgosz, but if the would-be assassin's confession were published in full a wave of indignation against anarchism would sweep over the country, which would inevitably result in serious disorders.

While Czolgosz retains his show of bravado, he announces his determination of entering a plea of guilty when he is brought to trial.

Hopkins County Fired Into.

One shot struck the fence and two or three passed through Laprade's house and struck the house standing next. All the shots were from thirty-eight caliber Winchester rifles.

This morning three piles of empty shells were found thirty-five yards from the house. On a slope covered with weeds there were nineteen empty shells and one loaded one that had been snapped. The number of men in the union camp at Madisonville is increasing.
